Are there any specific issues that you would like PROJECT ROCKIT to address?

Numbers and Cost:

- Each session operates within a one-hour time frame (can be adapted to a 50-minute period).
- We usually work with up to 50 students at a time (two classes joined together).
- PROJECT ROCKIT runs at a cost of \$300 (+GST) per session. For that price, we will provide one hour-long session presented by two facilitators.
- You will receive an invoice for the balance of the program one week after the final workshop.
- Please remind attending teachers that workshop content remains the intellectual property of PROJECT ROCKIT. While we are extremely happy for key program messages to be used within the classroom setting, we do limit the presentation of specific activities to PROJECT ROCKIT facilitators.
- Finally, we love a challenge. We are happy to tailor a program or workshop to the specific needs of your school. Just give us a buzz and we'll sort it out.

For optimal delivery we require a large room (not a classroom) with adequate movable chairs for every student and a teacher to be present for the duration of the workshop.
